Member's Day

Member's day this year was another success. Despite an afternoon thunderstorm the day went well. Food was again provided by Super Smokers (www.supersmokers.com) and as usual was up to their high standards. Desserts this year were again brought by members and it seemed to me to be better than before.

Everyone who wanted to run was able too and all had a good time. Attendance was down a little but was still over 100.

A few new things for the railroad were on display. 5205 made an appearance in its new paint and with a new body. Also Dale had one of the semaphore's out and working to show us what was coming in the station.

Sunday

We thought Sunday was going to be a bust due to the Saturday forecast but it turned out to be a pretty good day. The early part of the day was warm but not too bad as a nice breeze was blowing most of the time. Toward the end of the day the humidity seemed to go up and it was bad if you were in the sun. A ride on the train cooled everyone off as the heat didn't get into the woods at all.

Ridership was only 290 but it was steady all day and made for a rather busy time for those of us who came out. It seems we were rather short on crew as a lot of you didn't show up Sunday.

There was a lot of chicken left over from Saturday and it was distributed among the persons working. It also made for a nice lunch.
